Thematic plan of seminars in the discipline "Diagnosis and treatment of emergency conditions in the

practice of a dentist"

for students of the educational program specialist

in the specialty/direction of training 31.05.03 Dentistry, direction (profile) Dentistry, form of study Full-time form

for the 2023-2024 academic year

Emergency cardiology, hypertensive crises. Classification of hypertensive crises. Diagnostics. Clinic. Emergency cardiology, hypertensive crises. Emergency care in a dental setting. 2 Emergency cardiology. The concept of acute coronary syndrome. manifestations of ACS. Diagnostics. Emergency care at the prehospital stage. Emergency cardiology. Complications of myocardial infarction (life-threatening arrhythmias, cardiogenic shock). Emergency care at the prehospital stage. 3 Emergency cardiology. Thromboemboism of the pulmonary artery (TPA). The main etiological factors. Clinic. Diagnostics. Emergency cardiology. TPA. Emergency care at the prehospital stage. 4 Emergency cardiology. Acute vascular insufficiency. Fainting, collapse. Diagnostics, differential diagnostics. Emergency cardiology. Shock. Classification. Clinic. Differential diagnosis of various types of shock. Emergency care at the prehospital stage. 5 Pulmonary edema. Etiology. Classification. Pathogenetic variants of the development of pulmonary edema. A differentiated approach to the provision of emergency care at the prehospital stage. Sudden death. Algorithm for rendering resuscitation measures. Practicing principles of cardiopulmonary resuscitation. 6 Emergency pulmonology. Attack of bronchial asthma. Clinic, diagnostics. Emergency care in a dental setting. Asthmatic status. Clinic, diagnostics. Emergency care in a dental setting. Asthmatic status. Clinic, diagnostics. Emergency care in a dental setting. Asthmatic status. Clinic, diagnostics. Emergency endocrinology. Emergency conditions in diabetes mellitus. Hyperglycemic coma. Diagnostics, emergency care. Emergency endocrinology. Emergency conditions in diabetes mellitus. Hypoglycemic coma. Diagnostics, emergency care. Emergency endocrinology. Hypoparathyroidism. Clinic, diagnostics, emergency care at the prehospital stage Allergic reactions. Generalized urticaria. Quincke's edema. Clinic, diagnostics, emergency care at the prehospital stage 9 Interm	№	Thematic blocks	Hours (academic)
Emergency cardiology. The concept of acute coronary syndrome. manifestations of ACS. Diagnostics. Emergency care at the prehospital stage. Emergency cardiology. Complications of myocardial infarction (lifethreatening arrhythmias, cardiogenic shock). Emergency care at the prehospital stage. Emergency cardiology. Thromboemboism of the pulmonary artery (TPA). The main etiological factors. Clinic. Diagnostics. Emergency cardiology. TPA. Emergency care at the prehospital stage. Emergency cardiology. TPA. Emergency care at the prehospital stage. Emergency cardiology. Acute vascular insufficiency. Fainting, collapse. Diagnostics, differential diagnostics. Emergency cardiology. Shock. Classification. Clinic. Differential diagnosis of various types of shock. Emergency care at the prehospital stage. Pulmonary edema. Etiology. Classification. Pathogenetic variants of the development of pulmonary edema. A differentiated approach to the provision of emergency care at the prehospital stage. Sudden death. Algorithm for rendering resuscitation measures. Practicing principles of cardiopulmonary resuscitation. Emergency pulmonology. Attack of bronchial asthma. Clinic, diagnostics. Emergency care in a dental setting. Asthmatic status. Clinic, diagnostics. Emergency care emergency care for pneumothorax, foreign body aspiration, ARF of unknown etiology. Emergency endocrinology. Emergency conditions in diabetes mellitus. Hyperglycemic coma. Diagnostics, emergency care. Emergency endocrinology. Emergency conditions in diabetes mellitus. Hyperglycemic coma. Diagnostics, emergency care. Emergency endocrinology. Hypoparathyroidism. Clinic, diagnostics, emergency care. Emergency endocrinology. Hypoparathyroidism. Clinic, diagnostics, emergency care. Emergency endocrinology. Hypoparathyroidism. Clinic, diagnostics, emergency care et the prehospital stage Anaphylactic shock. Clinic, diagnostics, emergency care at the prehospital stage Intermediate Certification.	1		2
manifestations of ACS. Diagnostics. Emergency care at the prehospital stage. Emergency cardiology. Complications of myocardial infarction (life-threatening arrhythmias, cardiogenic shock). Emergency care at the prehospital stage. 3 Emergency cardiology. Thromboemboism of the pulmonary artery (TPA). The main etiological factors. Clinic. Diagnostics. Emergency cardiology. TPA. Emergency care at the prehospital stage. 4 Emergency cardiology. Acute vascular insufficiency. Fainting, collapse. Diagnostics, differential diagnostics. Emergency cardiology. Shock. Classification. Clinic. Differential diagnosis of various types of shock. Emergency care at the prehospital stage. 5 Pulmonary edema. Etiology. Classification. Pathogenetic variants of the development of pulmonary edema. A differentiated approach to the provision of emergency care at the prehospital stage. Sudden death. Algorithm for rendering resuscitation measures. Practicing principles of cardiopulmonary resuscitation. 6 Emergency pulmonology. Attack of bronchial asthma. Clinic, diagnostics. Emergency care in a dental setting. Asthmatic status. Clinic, diagnostics, emergency care Emergency pulmonology. Acute respiratory failure (ARF). Etiology. Principles of emergency care for pneumothorax, foreign body aspiration, ARF of unknown etiology. 7 Emergency endocrinology. Emergency conditions in diabetes mellitus. Hyperglycemic coma. Diagnostics, emergency care. Emergency endocrinology. Emergency conditions in diabetes mellitus. Hyperglycemic coma, hypoglycemic state. Clinic, diagnostics, emergency care. Emergency care for hypocalcemic crisis in a dental appointment. 8 Allergic reactions. Generalized urticaria. Quincke's edema. Clinic, diagnostics, emergency care at the prehospital stage Anaphylactic shock. Clinic, diagnostics, emergency care at the prehospital stage Intermediate Certification.	1.	setting.	2
threatening arrhythmias, cardiogenic shock). Emergency care at the prehospital stage. Emergency cardiology. Thromboemboism of the pulmonary artery (TPA). The main etiological factors. Clinic. Diagnostics. Emergency cardiology. TPA. Emergency care at the prehospital stage. Emergency cardiology. Acute vascular insufficiency. Fainting, collapse. Diagnostics, differential diagnostics. Emergency cardiology. Shock. Classification. Clinic. Differential diagnosis of various types of shock. Emergency care at the prehospital stage. Pulmonary edema. Etiology. Classification. Pathogenetic variants of the development of pulmonary edema. A differentiated approach to the provision of emergency care at the prehospital stage. Sudden death.
