

Topics for clinical classes in the discipline "Neurology, neurosurgery, medical genetics" for students in the specialty "General Medicine" in the spring term 2023/2024 academic year.

№	Topic	Duration
1	The scheme of case history. (part 1)	2
	Techniques for examination of neurological status. Curation of patients (part 2)	2
2	Diseases of the peripheral nervous system. Mono- and polyneuropathies, plexopathies, neuralgia (part 1)	2
	Diseases of the peripheral nervous system. Mono- and polyneuropathies, plexopathies, neuralgia (part 2)	2
	Curation of patients (part 3)	1
3	Vertebrogenic neurological disorders: radiculopathies and radiculoalgia. Tunnel neuropathies (part 1)	2
	Vertebrogenic neurological disorders: radiculopathies and radiculoalgia. Tunnel neuropathies (part 2)	2
	Curation of patients (part 2)	1
4	Infectious and infectious-allergic diseases of the nervous system: meningitis and encephalitis (part 1)	2
	Infectious and infectious-allergic diseases of the nervous system: meningitis and encephalitis. (part 2)	2
	Infectious and infectious-allergic diseases of the nervous system: meningitis and encephalitis. (part 3)	1
5	Infectious and infectious-allergic diseases of the nervous system: multiple sclerosis and disseminated encephalomyelitis, myelitis, epiduritis, poliomyelitis, rheumatic chorea, neurosyphilis, nervous system disorders in AIDS, leukoencephalitis (part 1)	2
	Infectious and infectious-allergic diseases of the nervous system: multiple sclerosis and disseminated encephalomyelitis, myelitis, epiduritis, poliomyelitis, rheumatic chorea, neurosyphilis, nervous system disorders in AIDS, leukoencephalitis (part 2)	2
	Infectious and infectious-allergic diseases of the nervous system: multiple sclerosis and disseminated encephalomyelitis, myelitis, epiduritis, poliomyelitis, rheumatic chorea, neurosyphilis, nervous system disorders in AIDS, leukoencephalitis (part 3)	1
6	Vascular brain diseases: strokes (part 1)	2
	Vascular brain diseases: strokes (part 2)	2
	Vascular brain diseases: strokes (part 3)	1
7	Vascular brain disease: chronic cerebrovascular disease. Spinal stroke. (part 1)	2
	Tumours of the brain and spinal cord. Neurosurgical methods of diagnosis (part 2)	2
	Tumours of the brain and spinal cord. Neurosurgical methods of diagnosis (part 3)	1
8	Traumatic brain and spinal cord injuries (part 1)	2
	Epilepsy and seizure disorders (part 2)	2
9	Neuroses, diseases of the autonomic nervous system. Primary headaches. Diagnostic criteria, treatment, prevention. Sleep and wakefulness disorders (part 1)	2
	Neuroses, diseases of the autonomic nervous system. Primary headaches. Diagnostic criteria, treatment, prevention. Sleep and wakefulness disorders (part 2)	2
10	Hereditary neuromuscular diseases (part 1)	2
	Hereditary neuromuscular diseases (part 2)	2
11	Hereditary disorders of the extrapyramidal system and family ataxia, congenital dysplasia (part 1)	2
	Defending a case history. Final test (part 2)	2
	total	50

Approved at the meeting of the Department of neurology, neurosurgery, medical genetics
29.05.2023, Protocol № 19

Head of department

O.V. Kurushina
