RESEARCH INTERESTS		
Neuropsychopharmacology		(the study of condensed benzimidazole derivatives as useful molecules for new drugs; the direct search and study of the pharmacological effects of novel biologically active natural substances and their synthetical derivatives (purines, pyrimidines, benzimidazoles, neuroactive amino acids etc.)

(Neurobiological basis of medicine that affects the psychological/mental/cognitive/neurological behavior of the brain)						
Analgesic activity	<p><i>The direct search, design and study of structurally novel kappa-opioid agonist</i></p> <p><i>Preclinical studies of kappa-opioid receptor agonist activity on the imidazo benzimidazole derivative (completed).</i></p>					
Drug abuse	<p><i>The direct search, design and study of structurally novel opioids without abuse potential and agens which can be used for the treatment of drug abuse</i></p>					
Anticonvulsive activity	<p><i>The direct search, design and study of the pharmacological effects of substances that are considered to be a potential for development of anticonvulsive drugs (with original mechanism of action)</i></p>					
Cardiovascular pharmacology	<p><i>The direct search, design and study of GABA derivatives as useful molecules for new drugs with antihypertensive, antiarrhythmic, antianginal and cardiotropic activity</i></p>					
Pharmacological regulation of blood platelet activity	<p><i>The direct search, design and study of pharmacological effects of substances that are considered to be a potential in blood disorders which can occur in a wide variety of general medical conditions</i></p>					
AWARDS						
02/2011	Travel Award 2011 11th ECNP Regional Meeting for the research "Comparative studying of abuse potential of kappa-opioid agonist RU-1203" and a commemorative certificate, St. Petersburg		ECNP: European College of Neuropsychopharmacology The Netherlands			
10.05.2023	Certificate of appreciation from the health committee of the Volgograd region		The health committee of the Volgograd region			
29.06.2023	Official letter of appreciation of the Minister of Health of the Russian Federation		Ministry of Health of the Russian Federation
