Thematic lesson plan of lecture type in the discipline "Microbiology, Virology" for students entered 2023 according to the educational program 05.31.01 General medicine, profile General Medicine (specialty),

Full-time form of education 2024-2025 academic year.

$N_{\underline{0}}$	Lecture-type topics	Hours		
		(academic)		
	1 semester			
1.	Microbiology as a science, stages of development of	2		
	microbiology. Prokaryotic cell structure.			
2.	Physiology of microorganisms.	2		
3.	Morphology and physiology of viruses.	2		
4.	Ecology of microorganisms and sanitary	2		
	microbiology.			
5.	The doctrine about antibiotics.	2		
6.	The doctrine about infectious process.	2		
7.	The doctrine of immunity.	2		
2 semester				
8.	General characteristics of acute intestinal infections	2		
	and causative agents of bacterial intestinal infections.			
9.	Pathogenic cocci. Staphylococci, streptococci,	2		
	meningococci and gonococci - comparative			
	characteristics. Diseases caused by pathogenic cocci.			
	Microbiological diagnostics, specific prevention.			
10.	Causative agents of airborne infections. The causative	2		
	agents of diphtheria and tuberculosis. Microbiological			
	characteristics, etiopathogenesis of diseases,			
	laboratory diagnostics, specific prevention and			
	therapy.			
11.	Causative agents of highly dangerous	2		
	zooanthroponozal infections. The causative agents of			
	plague, anthrax, brucellosis and tularemia. Biological			
	properties, microbiological diagnostics, specific			
	prevention and treatment.			
12.	The causative agents of spirochetosis - syphilis,	2		
	leptospirosis, borreliosis. Microbiological			
	characterization. Laboratory diagnostics.			
13.	Viruses are the causative agents of acute respiratory	2		
	viral infections (ARVI). General and comparative			

	characteristics.	
14.	Viruses, pathogens of hepatitis - general and	2
	comparative characteristics. Laboratory diagnostics.	
15.	Viruses, causative agents of HIV infection (AIDS).	2
	Microbiological characterization. Laboratory	
	diagnostics.	
16.	Итого	14

Рассмотрено на заседании кафедры микробиологии, вирусологии, иммунологии с курсом клинической микробиологии «11» июня 2024г., протокол №15

Заведующий кафедрой

И.С.Степаненко
