

**Assessment tools for certification in the discipline " Standards of diagnosis and treatment "**  
**for students of the educational program specialist degree in the specialty/direction of**  
**training 31.05.01 General Medicine, direction (profile) General Medicine,**  
**for the 2023-2024 academic year**

Intermediate assessment in the discipline is carried out in the form of an interview on control questions.

№	Questions for intermediate assessment	Verifiable indicators of competency achievement
1.	Regulatory legal acts in force on the territory of the Russian Federation, regulating the procedure for providing medical care to the population. Standards and Procedures for the provision of medical care. Goals of standardization in medicine.	ОПК-1, 8; ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
2.	Standards for diagnosis and treatment of acute cerebrovascular accident, patient management protocols, federal clinical guidelines. Providing primary health care; emergency, including specialized emergency medical care; specialized, including high-tech, medical care. Criteria for diagnosing certain forms of stroke. Staged management of patients at the prehospital and hospital stages.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
3.	Standards for diagnosis and treatment of acute cerebrovascular accident, patient management protocols, federal clinical guidelines. Providing primary health care; emergency, including specialized emergency medical care; specialized, including high-tech, medical care Management of patients with different types of stroke. Indications for surgical treatment. Rehabilitation of patients with stroke.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
4.	Standards for diagnosis and treatment of patients with bronchial asthma, protocols for patient management, federal clinical guidelines. Treatment of severe exacerbations of bronchial asthma.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
5.	Standards for diagnosis and treatment of patients with chronic obstructive pulmonary disease, protocols for patient management, federal clinical guidelines. Treatment of exacerbations of chronic obstructive pulmonary disease.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
6.	Standards for diagnosis and treatment of patients with community-acquired and nosocomial pneumonia, protocols for patient management, federal clinical guidelines. Definition, classification. Diagnosis criteria. Standards for the provision of outpatient medical care. Criteria for the adequacy of antibiotic therapy.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
7.	Standards for diagnosis and treatment of patients with sepsis, protocols for patient management, federal clinical guidelines. Definition. Main directions of sepsis therapy. Intensive care standards.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
8.	Standards for diagnosis and treatment of patients with sepsis, protocols for patient management, federal clinical guidelines.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9,

	Definition. Clinical guidelines for the diagnosis and treatment of necrotizing forms of infection.	10, 11, 14, 17, 20.
9.	Standards for diagnosis and treatment of patients with peptic ulcers and ulcerative gastroduodenal bleeding, protocols for patient management, federal clinical guidelines. Recommendations from Maatsricht-6. Classification. Diagnosis and examination plan. Invasive and non-invasive research methods. Diet therapy. Standards of treatment (line of therapy).	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
10.	Standards for diagnosis and treatment of patients with peptic ulcers and ulcerative gastroduodenal bleeding, protocols for patient management, federal clinical guidelines. Clinical recommendations for the treatment of ulcerative gastroduodenal bleeding at the prehospital and hospital stages.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
11.	Standards for diagnosis and treatment of patients with diabetes, protocols for patient management, federal clinical guidelines. Classification. Standards for diagnosis and diagnosis. Treatment of patients with type 1 diabetes mellitus.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
12.	Standards for diagnosis and treatment of patients with diabetes, protocols for patient management, federal clinical guidelines. Classification. Standards for diagnosis and diagnosis. Treatment of patients with type 2 diabetes mellitus.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
13.	Standards for diagnosis and treatment of patients with diabetes, protocols for patient management, federal clinical guidelines. Clinical guidelines for the treatment of acute complications of diabetes mellitus.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
14.	Standards for diagnosis and treatment of patients with diabetes, protocols for patient management, federal clinical guidelines. Clinical guidelines for the treatment of chronic complications of diabetes mellitus.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
15.	Standards for diagnosis and treatment of patients with acute myocardial infarction, protocols for patient management, federal clinical guidelines. Providing primary health care; emergency, including specialized emergency medical care; specialized, including high-tech, medical care. Acute coronary syndrome. Diagnostic standards. Criteria for AMI. Methods and indications for surgical revascularization in accordance with federal standards for the diagnosis and treatment of patients, management protocols, and clinical guidelines. Treatment in the ICU.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
16.	Standards for diagnosis and treatment of patients with acute myocardial infarction, protocols for patient management, federal clinical guidelines. Providing primary health care; emergency, including specialized emergency medical care; specialized, including high-tech, medical care. Acute coronary syndrome. Diagnostic standards. Criteria for AMI. Treatment in the ward of the cardiology department. Treatment after discharge from hospital.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
17.	Standards for diagnosis and treatment of patients with	ОПК-1, 4, 6, 8;

	hypertension, protocols for patient management, federal clinical guidelines. Classification. Diagnosis criteria. Tactics for managing patients with hypertension. The choice of drug therapy depending on the clinical situation.	ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.
18	Standards for diagnosis and treatment of patients with hypertension, protocols for patient management, federal clinical guidelines. Classification. Diagnosis criteria. Antihypertensive drug therapy for refractory and malignant arterial hypertension. Diagnosis and treatment of secondary forms of arterial hypertension in accordance with national recommendations, standards and procedures for providing medical care to patients with CVD.	ОПК-1, 4, 6, 8; ПК-1, 2, 5, 6, 8, 9, 10, 11, 14, 17, 20.

Considered at the meeting of the department, protocol № 10 from 29.05.2023 г.

Head of the Department

Бакумов П.А.
